Elementary Grades K-5

Kindergarten - All About Me

The All About Me domain introduces students to the human body and senses. Instruction and activities also support the development of emergent literacy skills such as phonological awareness, gross and fine motor movement, and print knowledge.

1st Grade - Weather Wonders

Students build their literacy and science skills as they engage in a study of the weather.

2nd Grade - What's Up in the Sky: A Study of the Sun, Moon, and Stars

Students build their literacy and science skills as they engage in a study of the sun, moon, and stars.

3rd Grade - Water Around the World

This module focuses on the importance of clean freshwater around the world. Students explore our access to water, demands on water, and water pollution.

4th Grade - Animal Defense Mechanisms

Students explore animal defense mechanisms. They build proficiency in writing an informative piece, examining the defense mechanisms of one specific animal about which they build expertise.

5th Grade - The Impact of Natural Disasters

Students read literacy and informational texts to understand the impact of natural disaster on places and people.

Middle School Grades 6-8

Blast off into an unforgettable summer of discovery! Students entering grades 6-8 will dive into action-packed morning sessions where they'll unlock the secrets of English, crack the code of Mathematics, become hands-on scientists, and chart their course to future success through our College/Career Pathways. Don't let your summer be ordinary when it could be extraordinary!

Specials and Afternoon Classes

Grades K-5 will engage in specials classes such as Physical Education, Music and Art.

Grades 6-8 will engage in Afternoon Classes that may include Creative Writing, Art Experience, Health, Digital Photography, International Language, and Sports.

LPS 53 Summer School 2026

Transportation - will be provided by Liberty Public Schools for all eligible students in Elementary and Middle School. You will receive specific transportation information by email in late May that includes bus stop location and times. Students must be enrolled in Summer School by April 15th to receive district provided Transportation.

Kid's Zone Before and After School Care - will offer services at each elementary summer school site at an additional cost. If you will be using Kid's Zone, you must select it in the transportation drop down menu during the online enrollment process. All students enrolled in Kid's Zone will participate in the Summer School program.

2025-2026 Menu Prices

LPS Nutrition Services - Please contact Nutrition Services at 816.736-5375 if you need support using School Cafe.

Creative Arts Academy - is for incoming 6th through 12th grade students. Students will participate in Design Studio and/or Center Stage classes. Students in Design Studio work on painting, construction, photography, digital art and other visual concepts. Students in Center Stage work on character development, movement, vocalization and technical theatre.
